

Application for Certificate of Proficiency as a Dietitian

Please note that if you are applying for the Certificate of Proficiency as **Dietitian**, in addition to the relevant certificates of degree(s) or diploma(s), you will **have to provide** written and signed evidence of **Supervised Clinical Training** for at least 12 months under a **qualified dietitian in an appropriate healthcare institution** in the State or Private Sector.

Evidence of Supervised Clinical Training is **not** necessary if you are applying **only** for the Certificate of Proficiency as a Nutritionist.

If you are applying for both (ie Nutritionist and Dietitian) you have to fill in two separate application forms.

Professor Colvin Goonaratna FRCP, FCCP, PhD

Registrar, CMCC
